

Central Texas Filter Service

9/22/2020

We have been using CTFS to maintain our HVAC filtration since sometime in 2012. They have always done a great job of being on time and keeping the filters swapped out and clean to prolong the life of our systems.

They have been great in keeping us informed about times that the systems might need more or less service intervals to keep the systems clean.

They have always been super competitive on price and provide a very professional service.

It has been a pleasure to partner with them all these years for these needs.

Sincerely,

We have been in business since 1982 and have used **Central Texas Filter Service** for as long as I can remember. It is so nice not worrying about changing filters. I can always tell when they have been here because the office smells so good.

We have been clients of Central Texas Filter Service for many, many years. We have always found them to be so pleasant to work with and so efficient. I am in and out of my office a lot and they are always considerate and will call to be sure if they can be there when they can! There's no telling how much money that they have saved me in repairs etc by keeping my filters replaced! Obviously, I highly recommend them!

To all that receive this Letter of Recommendation;

My name is Lucky Reid and I am employed with Don Ringler Chevrolet-Toyota in Temple, Texas as the Inventory Manager (previously as the General Manager for 32 years).

We have used Central Texas Filter Service Installations Inc. at our Chevrolet and Toyota dealerships for several years and are completely satisfied with their service. We have found them to be very dependable with their service and very competitive on their pricing. The owner, Ron McCracken and our service representative, Gentry Barker are both very fine gentlemen with high morals and ethics. When Gentry is in our store, he is very cognizant of our customers and employees and treats them with the upmost of respect.

I highly recommend Ron McCracken, Gentry Barker and their business, Central Texas Filter Service Installations Inc. to you.

My contact information follows and I welcome any questions you may have of me.

In regards to Central Texas Filter Service

I have been very pleased with their courteous, professional services. Using their system has lowered my cooling bill by approximately \$100 the first month – which was the hottest month of the year).

I have also noticed less dust in my store. I would highly recommend their service to anyone.

To: Central Texas Filter Service

Before we got started with this filter service our filters were always clogged with dust and hair spray. In our type of business, we use a lot of sprays and chemicals that keep our air filters dirty.

Their service is professional and friendly. They sweep the vents which helps a lot. We have realized a great reduction in our electric bill since using this service which has definitely helped us.

Thanks a lot!
